

RISK DISCLOSURE STATEMENT

The purpose of the Risk Disclosure Statement (the “**Statement**”) is to provide you with appropriate guidance on the nature and risks associated with staking of DXA tokens offered by **DEXART METAVERSE LTD** (hereafter the “**Company**”). You hereby acknowledge, understand and agree with the risks disclosed below. This Statement is part of the Terms & Conditions, the terms used herein have the same meaning as described in Terms & Conditions.

The website <http://staking.dex.art> (the “**Website**”) is not intended to provide investing, accounting, tax, legal or any other advice, nor shall any content on this Website be deemed a recommendation that you pursue any investment style or strategy. If you would like investing, accounting, tax, legal or any other advice, you should consult with your own professional advisors regarding your individual circumstances and needs.

STATEMENT

This policy relates to the staking of decentralised tokens not issued by any central bank i.e. cryptocurrencies. Cryptocurrencies are not governed by any regulatory authority; their market is non-centralised and non-regulated. Before staking of tokens you should research cryptocurrencies carefully. Participants have the potential for cryptocurrency losses as, although we do not trade cryptocurrencies, the process of staking still carries risks. You must acknowledge the substantial risks and potential for losses related to staking of cryptocurrencies and cryptocurrencies, and accept the risks disclosed in this Statement prior to using the services offered through this Website. The Company accepts no responsibility for any loss or financial damage suffered under this pretext.

You agree by staking of DXA tokens that you are entering into a legally binding contract and have read, understood and accepted this Statement:

1. The Company will not accept any liability or responsibility for any losses resulting from the staking of DXA tokens;
2. You have considered your own financial circumstances, needs and objectives and concluded that staking of DXA tokens is appropriate for you;
3. You warrant that you understand the risks, terms and conditions of DXA tokens staking (regardless of information supplied by the Company) and are willing to take on those risks;
4. The Company does not, nor do any of its directors, officers, agents or employees, guarantee repayment of capital or payment of income in relation to any funds deposited with the Company;
5. No part of any funds remitted by you have been the proceeds of any illegal activity or used for any terrorist financing or money laundering activities. You agree to provide such information related to you/your business and financial affairs as may be reasonably requested by the Company in order to comply with the Anti-Money Laundering and Countering Financing of Terrorism Act or other legislative requirements.
6. Recommendations are not guaranteed. The generic market recommendations provided by the Company are based solely on the judgment of its personnel and should be considered as such. Any market recommendations provided are generic

only and may or may not be consistent with the market positions or intentions of the Company and/or its affiliates. The generic market recommendations of the Company are based upon information believed to be reliable, but the Company cannot and does not guarantee the accuracy or completeness thereof or represent that following such generic recommendations will reduce or eliminate the risk inherent in staking of cryptocurrencies.

7. No guarantees of profit. There are no guarantees of profit nor of avoiding losses when staking cryptocurrencies. You haven't received no such guarantees from the Company, nor from any of its representatives. The Client is aware of the risks inherent in staking cryptocurrencies and is financially able to bear such risks and withstand any losses incurred.
8. The Company bears no responsibility for any loss that arises as a result of delayed or unreceived communication sent to you by the Company.
9. Cryptocurrencies are complex instruments and come with a high risk of losing money rapidly due to devaluation, low volume or severe shifts in market sentiments.
10. You should consider whether you understand how staking cryptocurrencies works and whether you can afford to take the high risk of loss.
11. The Company does not make representation or warranty for any interruptions, loss or damages due to computer viruses, scareware, Trojan horses, malware or any other harmful software. The Company shall not be liable for any malicious or digital robbery/crime losses affecting you while using our Website or stacking cryptocurrencies.
12. If you are an employee or contractor of a financial services firm or any other firm that has controls over the financial transactions in which its employees and contractors deal, you will give us proper notice of this and of any restrictions that apply to your dealing.
